

# BRIEF

## Grant management for sustainable healthcare impact in Nigeria

TACONnect is a cutting-edge Technical Assistance (TA) delivery platform, with a team of experts, possessing a deep understanding of the Nigerian healthcare system and extensive experience in grant management, financial management, program design, and partner capacity building. We pride ourselves on being a leader in managing grants with the capacity to receive and administer grants on behalf of donors and government. We maintain a network of fully vetted Technical Assistance Providers in our database. Our grant making service is an efficient, time-effective way for donors to support reputable organizations while minimizing the administrative burden for the funding organizations resulting in reduction in duplication of interventions and cost-effective programs.

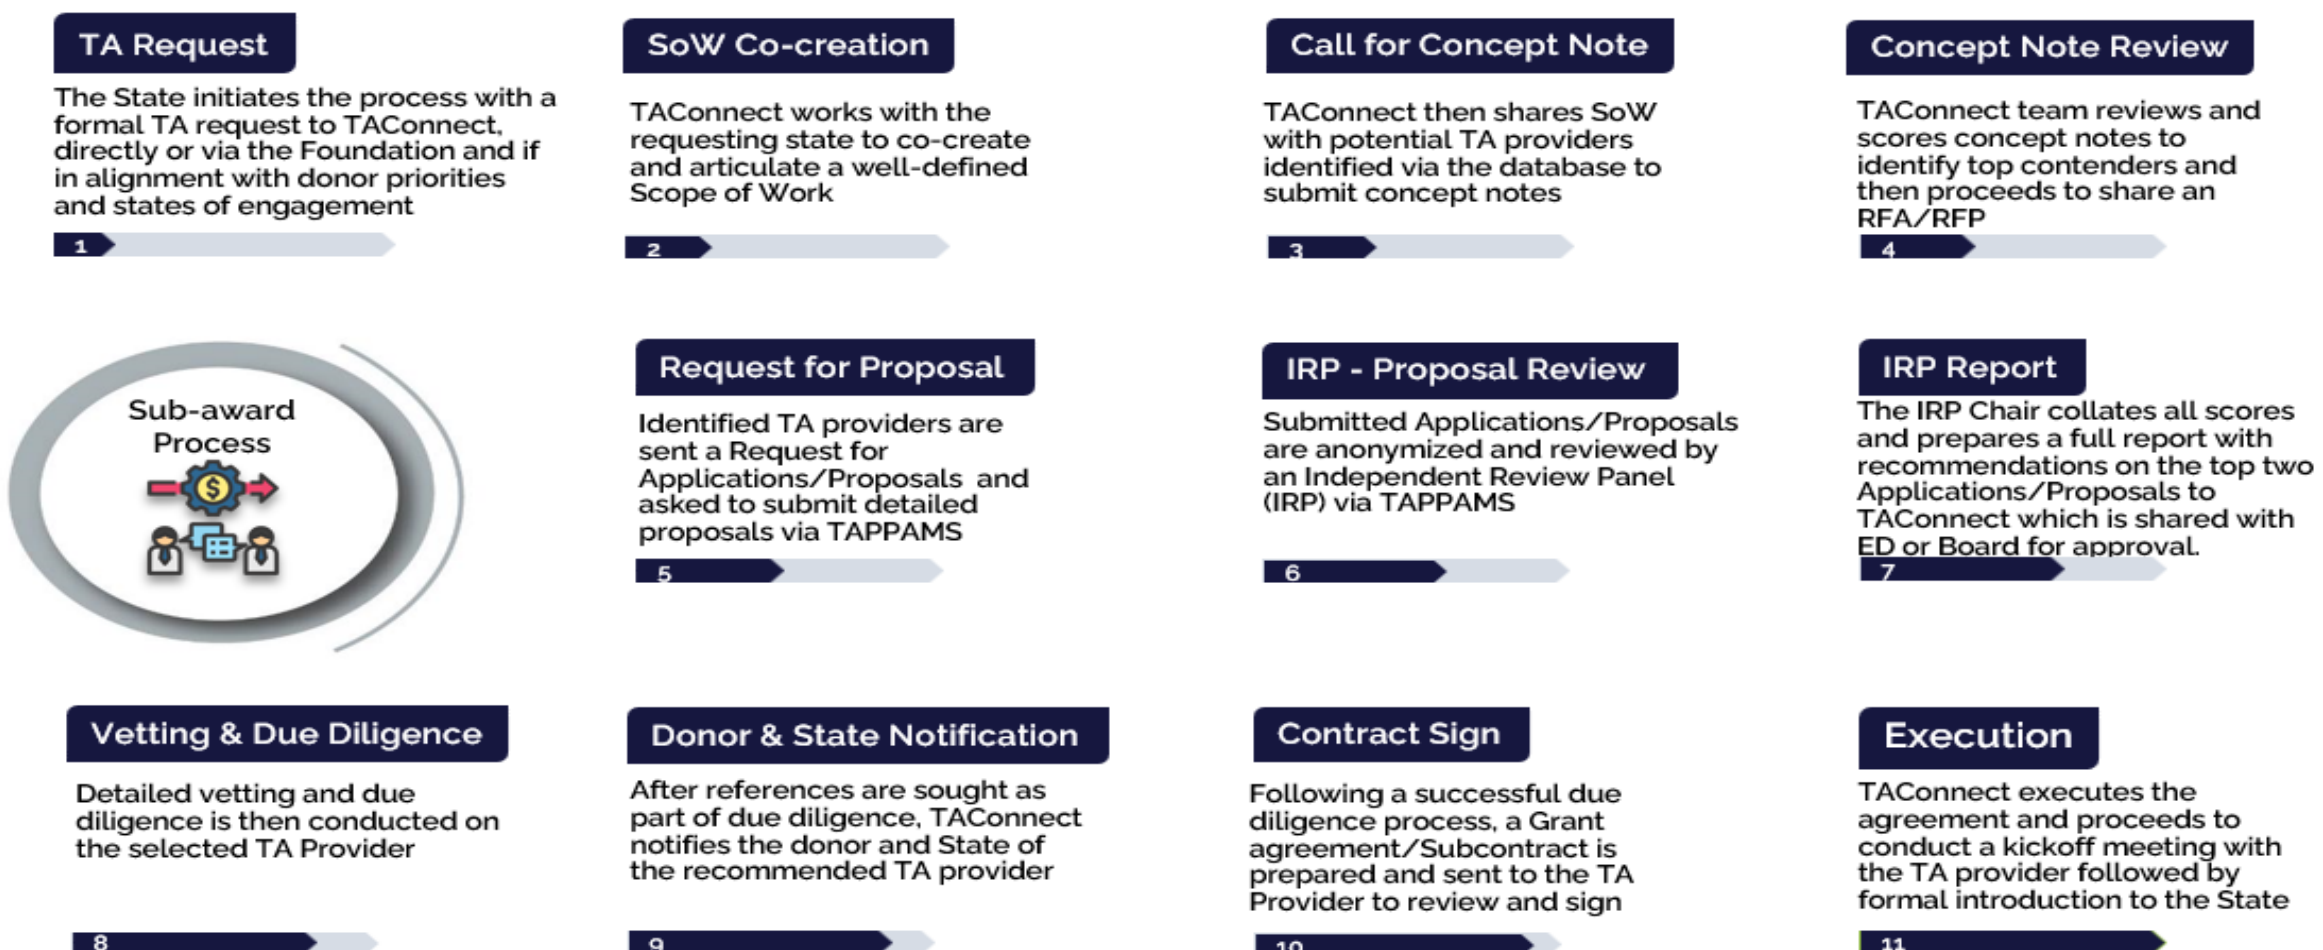

### Our sub-award management process

Our robust sub-award management process, hosted through the Technical Assistance Provider Portal and Award Management System (TAPPAMS), enables us to efficiently select and manage qualified partners in addition to also serving as a grants repository. We are adept at determining awardee eligibility, conducting risk assessments, business reviews, designing, implementing, interpreting grants/assistance management policies, procedures, and practices. We conduct complete due diligence, vetting, risk monitoring, mitigation, and co-create with government and partners, eliminate potential programmatic and financial barriers, and monitoring streamline in the sub-award process.

### Our sub-award management components

### 11 Steps of the TACONnect sub-award process: Initiation and partner selection

NB: Most of the sub-award processes occur via the TAPPAMS (steps 3 – 10) in addition to the grant management and evaluation process

## Independent Review Committee (IRC)

TACConnect relies upon its Independent Review Committee (IRC), an independent group of experts, to guarantee the integrity and transparent proposal review process. The IRC reviews anonymized proposals and makes recommendations to TACConnect on the optimal TA provider.

## Experience and partnerships

TACConnect's expertise in grant management has enabled us to give grants and manage reputable organizations such as the Center for Integrated Health Programs (CIHP), Clinton Health Access Initiatives (CHAI), Jhpiego, Health Strategy and Delivery Foundation (HSDF), Solina Center for International Development and Research (SCIDaR), Insight Health Consulting Limited, Leverage Health Consulting Limited, Sydani Initiatives for International Development, Center for Infectious Disease Research and Evaluation (CIDRE), Project Hope, Association for Reproductive and Family Health (ARFH), Pathfinder International, Achieving Health Nigeria Initiative (AHNi), NOI Polls, eHealth Africa, Hanovia Limited, HSDF, and PACT.

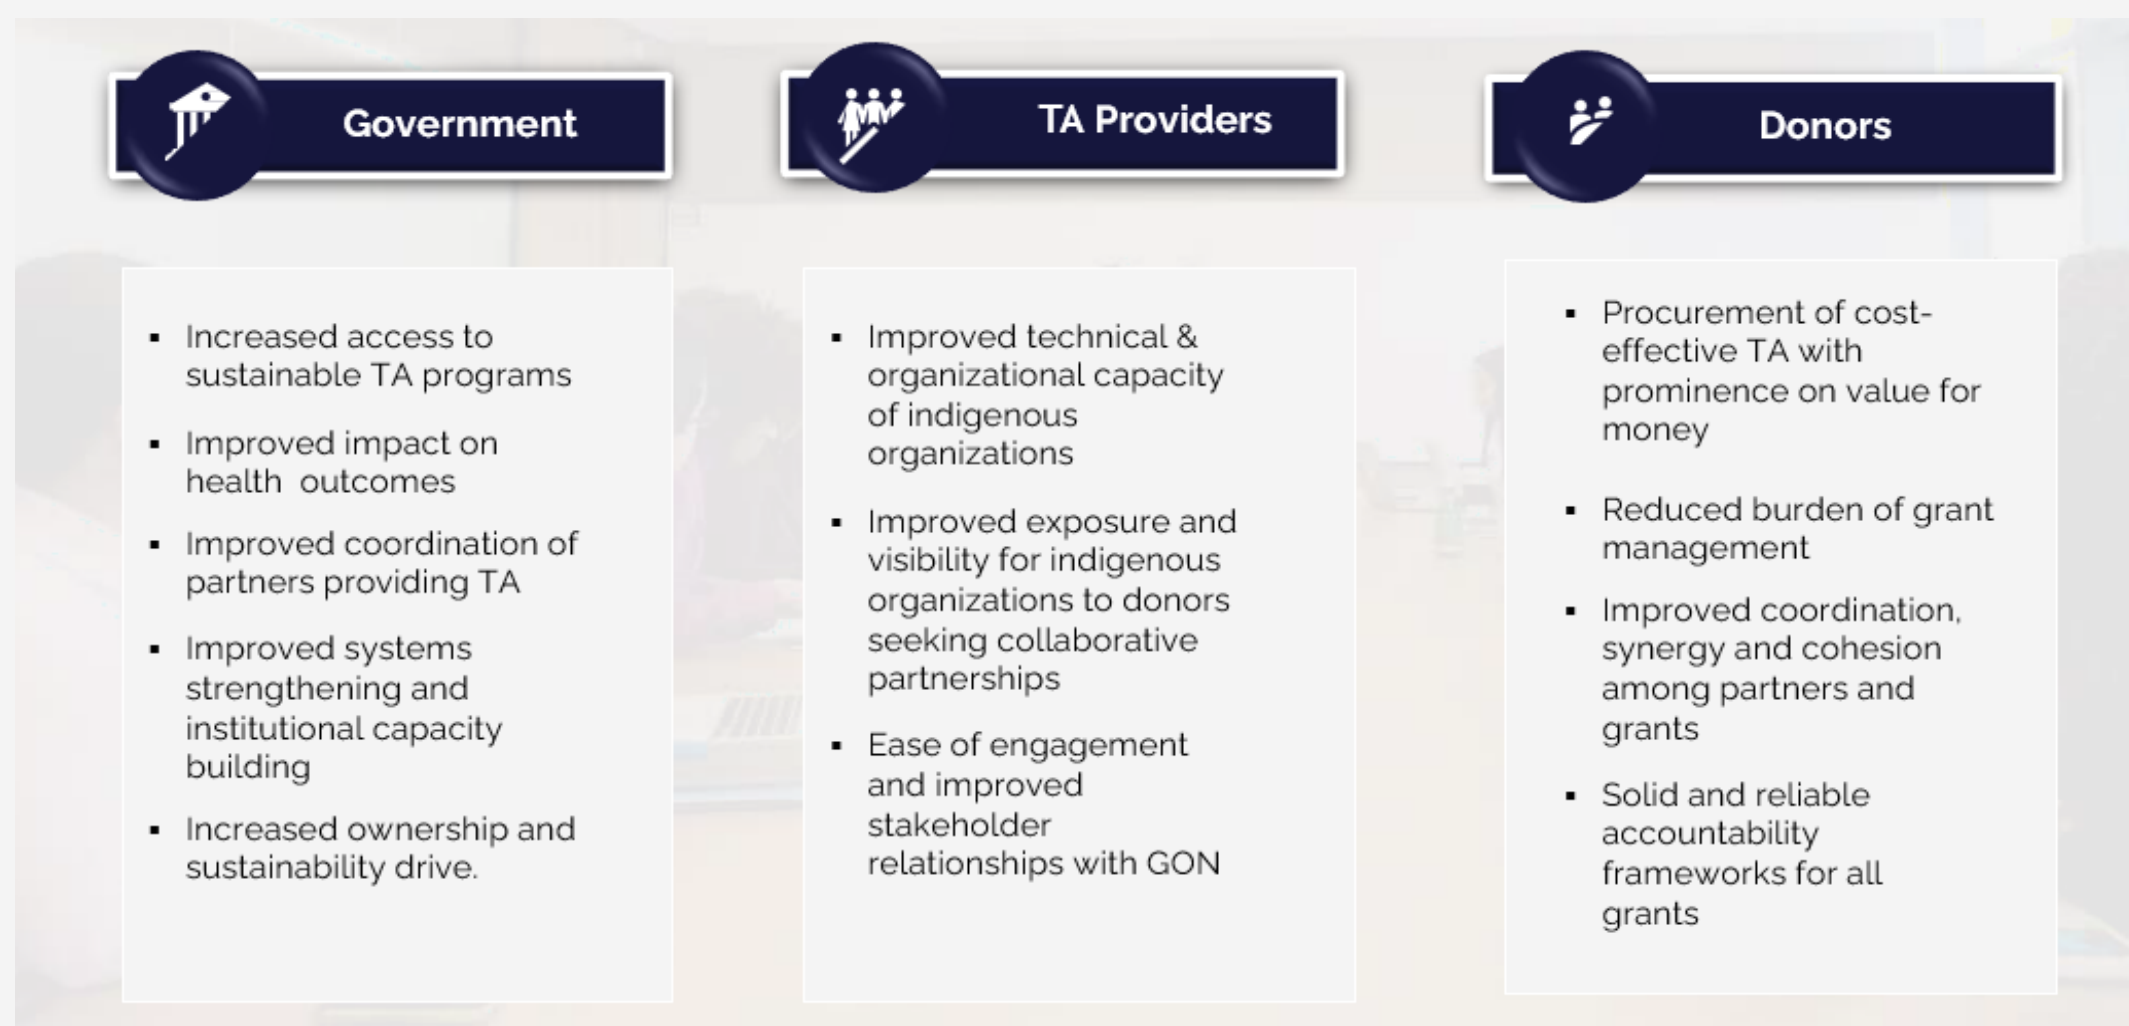

## Monitoring and capacity building

As part of our services, we monitor all awards to ensure value for money, provide capacity building to partners to bridge programmatic and financial gaps. We work closely with implementing partners to promote synergy, ensure that the grant objectives are met, and the deliverables are of high quality.

## Contribution to sustainable healthcare impact

By leveraging its strong partnerships with implementing partners and extensive knowledge of the Nigerian healthcare system, TACConnect ensures each sub-awardee's work is coordinated and synergistic with the work of other sub-awardees. We support the sub-awardees to deliver high-quality technical assistance to states. Our expertise in grant management has enabled us to support the Bill and Melinda Gates Foundation's efforts to promote sustainable improvements in State Primary Healthcare (PHC) systems' performance and increase the uptake of reproductive, maternal, newborn, child, and adolescent health plus nutrition RMNCAH+N services in Nigeria.

## Value addition to stakeholders

With TACConnect, donors can be confident that their investments are being supported by a team of experts committed to transparency and accountability. Donors' grants are monitored to ensure maximum impact and reputation protection, making us the go-to partner for organizations looking to make a sustainable impact in Nigeria's healthcare system.
